

CALL FOR TEACHING ASSISTANT – TAIWAN TECH PROJECT OFFICE FOR THE UPTP OVERVIEW

The Universidad Politécnica Taiwán Paraguay (UPTP), in collaboration with Taiwan Tech, is seeking qualified Teaching Assistants to support faculty in academic and research tasks.

JOB RESPONSIBILITIES

- Assist professors in course delivery and research-related duties.
- Grade assignments and provide constructive feedback to students.
- Offer tutoring and support services to students requiring academic help.
- Participate in planning and preparation of academic materials.

QUALIFICATIONS

- Educational background in Engineering (preferably Civil, Electromechanical, Industrial, or Information Engineering).
- Bachelor's degree in a related engineering field.
- University-level certification or training in Didactics or Educational Methodology.
- Strong communication skills and English proficiency (written and spoken).

REMUNERATION

Salary is competitive and will depend on the number of teaching hours assigned, academic qualifications, and relevant experience.

HOW TO APPLY

Interested candidates must submit the following through the online application form before 4th January, 2026:

- Curriculum Vitae
- Academic transcripts and degree certificates (Highest Degree)
- Supporting documentation for teaching or didactics training (if applicable)
